All-

Please note that the time estimates in the proposal we submitted yesterday (and that Jim forwarded to you) were just estimates and are subject to change/adjustment. Please be sure all participants have some flexibility in their schedules that day. The itinerary will become more firm in the near future, I would think, but it's not yet set in stone.

Michael and Sheila,

It looks like the RA is going forward with the tour of Allied and Plainwell. Jeff Kelly wants an issue paper regarding Allied. If Erik Wilson is going to be present at Plainwell, we may want to include some information on that as well. Also, it would be great if Diane Russell can attend, as she can provide some insight on the redevelopment along the Portage Creek corridor as well as our overall communication and outreach to the various communities.

Thanks
 Jim

Please see Jeff's note below. He'd like us to pull together Kalamazoo issue paper for Cathy's upcoming visit. I'll pull the bio and check in with other divisions to check other Kzoo issues.

Please advise who my primary contact should be...

Thanks,

Eileen Deamer

Cathy is going to meet with Mayor Hopewell next week ... could you work with SFD to pull together a bio and a list of the issues he's likely to raise?

Okay, let's go with option A! I'll send Cathy the complete agenda for the day to make sure this works for her. Do we know if the mayor has any flexibility in his schedule, or is 1 p.m. the only time for him?

Jeff,
 Please see attached and below two proposals for RA Stepp's visit to the Kalamazoo River NPL site on 2.7.18. Let me know if you need something further, and if we should plan on something specific. Thanks.

Joan,

Attached are the two potential Allied Paper/Kalamazoo River Site tour options for the Regional Administrator. Please review and forward to Jeff Kelley and Rachael Bassler. The Mayor is available to meet with the RA.

Thanks
Jim Saric
